

Part Number: KV-900-6-YG

Description: Young Gun Saddle

Fitment: 2006 Kawasaki Vulcan 900

Revision: 1

Tools Required	Parts List
	Young Gun Saddle

1. Begin by removing your stock seat. Refer to your owner's manual if necessary.
2. Install your dual tour by slipping the nose tab of the seat into the front slot, then secure your dual touring saddle by aligning the rear latch bracket on the seat with the stock catch attached to the fender (*Figure 1*). Push firmly down above the locking mechanism to lock the seat into place.

NOTE: Front and rear brackets can be adjusted for the best fit.

3. To remove, just turn the key on the side of the bike to release the lock. (*Figure 2*)
